Activities at Sergipe Oil & Gas 2025 Now Open for Registration

Free event will take place from July 23 to 25 at the AM Malls Convention Center

Several activities of Sergipe Oil & Gas (SOG25), to be held from July 23 to 25 at the AM Malls Convention Center in Aracaju, are now open for registration on the official website (www.sergipeoilgas.com.br).

The activities currently open for registration include:

The Business Matchmaking Session, which promotes a structured environment for exclusive meetings between pre-selected suppliers and major companies in the sector the initiative is expected to generate R\$200 million in business and is one of the key highlights of the whole event

The Startup Day, to be held within the Innovation Arena, is an exclusive space designed to give visibility to local startups developing new technologies, and to foster connection among key players in the oil and gas ecosystem.

The Commercial Arena that offers a platform for suppliers of goods and services to present their latest offerings, products, services, and equipment, to a targeted audience, increasing exposure and driving opportunity.

The Technical Session , which will feature best practices and case studies in operations and maintenance by oil gas companies and is currently accepting technical papers.

All of these initiatives reinforce SOG25's position as a national reference event for the oil and gas industry. Sergipe is one of Brazil's most promising regions in the sector, driven by major offshore investments following Petrobras' discovery of large natural gas reserves.

Onshore operations are also expanding, with a wide range of companies active across the state. Sergipe is home to Carmópolis, Brazil's most productive onshore field, as well as several others already in production.

Organizers expect 3,500 attendees at this fourth edition, a significant increase from last year's 2,650 participants.

And much more

The SOG25 program also includes a trade show with approximately 70 booths, where leading companies will present their products, services and solutions to the market. The space is designed to foster networking and unveil new business opportunities in the region.

The SOG Congress will also be featured, offering a platform to discuss industry trends and strategies in Sergipe, with contributions from key sector stakeholders.

The ESG Arena will provide space to explore challenges and opportunities for advancing environmental, social, and governance practices that drive sustainable development across the oil and gas value chain.

Participants will also have the opportunity to take part in technical visits to industry facilities, offering first-hand insights into local operations across five different itineraries.

The event will also include moments for social engagement and exclusive spaces for private meetings and high-level networking.

Participating companies and professionals can not only gain visibility through sponsorship and exhibition packages, submit presentations for the Technical Session, and pitch products and services at the Commercial Arena, but also benefit from full access to enriching panels at the Scientific Congress and Thematic Arenas. Participation is free of charge, and prior registration is required at www.sergipeoilgas.com.br.
